EDITED BY

FREDERIC AUGUSTUS BLAYDES.

LONDON:

1884.
The county of Bedford was visited on four different occasions by the officers of the College of Arms for the purpose of recording the pedigrees of the gentry entitled to bear arms. These Visitations were made in the years 1566 by Harvey; 1582 by Cooke; 1634 by George Owen, York Herald, as deputy for Sir Richard St. George, Clarencieux; and 1669 by Bysshe. The last mentioned is the latest Visitation of this county. Three out of the four are now, for the first time, printed in the following pages. I have not been able to discover an available copy of the Visitation of 1669; the only one that I know of is in the College of Arms, MS. D. 24. I have reason, however, to think that there is a copy of this in some private collection, for I have come across, in what are known as the Dawson MSS.,* a list of Bedfordshire pedigrees comprising (inter alia) a list of the pedigrees taken during this Visitation. In Gutch’s ‘Collectanea Curiosa,’ vol. ii., p. 212, Oxford, 1781, 8vo, is the following notice of this Visitation: “Sir Ed. Bysshe. 1669. 81 B 21, f. 15, Harley.” 81 B 21 is the old press-mark of MS. Harl. 1405, which does not contain the Visitation of 1669, but only a list of the pedigrees therein, with the arms in trick. Regarding this Visitation Gutch adds the following note: “A copy was at Mr. Sheldon’s at Weston in 1675, No. 139; as appears by ‘A Catalogue of MSS., etc., in closet at Weston 1675’ (in Mr. Sheldon’s hand, but no dates mention’d) among Wood’s MSS. in Ashm. Mus. at Oxford, 8578, 116, B. 7.” I have appended the list at the end of this volume, as it will probably be of use to those interested in Bedfordshire genealogies. Many of the within pedigrees will be found in an extended form in ‘The History of the Hundred of Willey,’ by W. Marsh Harvey; London, 1872-8; 4to.

* See notes on pages 204, 209, post.
When I first undertook to edit this volume I had little idea of the amount of work it would entail; for at the very threshold of my investigations I was bewildered by the number of MSS. and the want of internal reliable evidence to guide me in selecting the most trustworthy, and assigning them to their respective dates; no two were exactly alike, either as to their contents or as to the number of pedigrees contained in each. After much patient investigation, I have at length been enabled to finish my task, and to evolve something like order out of the chaotic confusion which at first confronted me.

It may be as well for me here to enumerate the various MSS. I have collated and examined. First, amongst the manuscripts in the British Museum Library, the following contain collections of pedigrees relating to this county:

Harleian MSS. 1097, 1390, 1531, 2109, 3968, 4600, and 5186. Of these, No. 1531, which is in Mundy’s handwriting,* contains 111 pedigrees; being a collection formed apparently out of the four Visitations. Those which I have not been able to assign to either of the Visitations in the following pages, I have included in this work under the heading “Additional Pedigrees.” No. 4600 contains 71 pedigrees, with arms in trick, indifferently executed. No. 5867 contains the Visitations of 1566 and 1582, and on the first folio are written the following words: “Comitatus Bedforde D. G. R. A. Genealogies 1583.” No. 2109 contains additions by Challoner and Randal Holme, and apparently formerly belonged to the latter, as attested by the following words on folio 1: “Randle Holme Booke sonne to Randle Holme of y* citty of Chester Alderman 1632 May 15.” I have also carefully examined Lansdowne MSS. 584, 864, 887, and 888, being the miscellaneous heraldic collections of John Pomfret, Rouge Croix, and John Warburton, Somerset, with notes, etc., relating to Bedfordshire families.

In the Library of Queen’s College, Oxford, rich in heraldic MSS., I came across one, MS. cxiv., being a manuscript volume of pedigrees in Glover’s handwriting. The pedigrees are very neatly written in tabular form in roundles, and the arms carefully tricked. The Index

* See page 153.
contains 47 pedigrees, which I have extended, for convenience sake, to 51. On one of the fly-leaves is written, "This book formerly belonged to Joseph Williamson."* He was, I believe, the donor of the above-mentioned and other heraldic MSS. to this Library. As this is by far the most reliable and authentic manuscript of all I have seen, I have adopted it as the basis of the Visitation of 1566.

Another MS. which I carefully examined is No. 541, article 13, in the Library of Caius College, Cambridge. This appears to be a copy of the Visitation of 1566, with a few additions which I have incorporated in "Additional Pedigrees." It is very indifferently written in tabular form, and slightly imperfect at the fore-edges.

In the Library of Sir Charles Isham, Bart., at Lamport Hall, are two volumes of Bedfordshire genealogies, one of which I made a transcript of; it contains 50 pedigrees, neatly written in narrative form, with the arms carefully tricked; evidently the work of a professional herald. On folio 87 is a note relating to the arms of Butler of Biddenham as follows: "Note—this quarterings be as the were sett forth in the pedegree maid for William Butteler of Kirton in the Parish of Byddenden [i.e. Biddenham] co. Bedford by Cooke Clarenceuix and Glouer Somesset A° 1587." This MS. corresponds in nearly every particular with that in the Library of Queen's College, Oxford. The other volume I was unable to see, as it could not be found at the time of my visit.

I have adhered strictly to the original spelling, only departing from this rule in using contractions for the words, "son," "daughter," and "heir." The few footnotes that I have made use of in this Work are chiefly in elucidation of doubtful points, in correction of obvious errors, and to direct those interested to further sources of information. I could have made much freer use of footnotes, as I have collected a great deal of useful material from parish registers, monumental inscriptions, old deeds, wills, etc., which would have enabled me to add considerably to the value of this Work, but in deference to the wish of the Council I have confined myself to the limits above mentioned.

* Sir Joseph Williamson, Secretary of State in the reign of Charles II.
In the course of my work I was particularly struck by the similarity which exists between the Visitations of 1566 and 1582; this for a long time puzzled me, and were it not for internal evidence I should have hesitated ere I assigned Harl. MS. 5186 to the Visitation of 1582, so exactly alike are the pedigrees which are common to both; but I think the explanation arises from the fact of there being an interval of only sixteen years between the two, and in so short a period it is not likely that many changes could have taken place.

At the same time I am at a loss to account for the fact that the first two Visitations came so close together in point of time, as the average interval between Visitations in other counties appears to be from thirty to forty years; in many cases, indeed, this interval is exceeded; while, on the other hand, in the counties of Bucks and Essex, Visitations appear to have been made so near to each other as to allow of periods of only eight years and six years respectively intervening.

I was also struck by the frequent changes that appear to have taken place in the ownership of land in this county: even as between the years 1566 and 1634 the change is remarkably apparent, and still more so in comparing these Visitations with the Domesday of 1875. In the latter I do not think there can be found twelve landowners whose names appear in this volume. Fuller, in his 'Worthies of England,' ed. Nuttall, vol. i., p. 175, after giving the List of Gentry of this county in 12 Hen. VI., 1433, quaintly says: "Hungry Time hath made a glutton's meal on this Catalogue of Gentry, and hath left but a very little morsel for manners remaining; so few of these are found extant in this shire, and fewer continuing in a genteel equipage." There is probably scarcely another county in England where land has changed hands so frequently as in this, and if the study of genealogy serves no other purpose, it will at least dispel the illusion prevalent amongst a certain class, that the majority of the present owners of land derive their title from feudal times. This county cannot claim to be historically famous; nevertheless, to give it its due, it has produced a few men eminent as statesmen, warriors, etc., as a study of the history of the following noble families will shew: Bray, Cheyney, Mordaunt, St. John, Wahull, Wentworth. The names of
Anderson, Catelyn, Gascoigne, Keeling, Luke, Newdigate, Snagg, Turner, and Winch, are also notable as having attained to high eminence in the legal profession.

Other very important documents relating to the gentilitial history of Bedfordshire are the following:

1. "The Parliamentary Roll" (as it is styled by Mr. Greenstreet), c. 1300–15, called N in Papworth's 'Ordinary,' contains a List of Knights, etc., of Bedfordshire, with their arms in blazon. Of this there are several copies, with some variations. The Cottonian copy was printed in Palgrave's 'Parliamentary Writs,' i., 413, 1827; and by Sir N. Harris Nicolas, 1828. Rowe Mores's copy was printed by him in 1749; and another copy in 'The Antiquarian Repertory,' ed. 1780, iii., 86; ed. 1807, i., 81.

2. The Return of Gentry in 1433 (above referred to), which is entered on the Patent Roll, 12 Hen. VI., pt. 2, memb. 28. Concerning this Mr. Gough writes: "The Commons in the Parliament of 1433 (11–12 Hen. VI.) having complained that the country swarmed with pilours, robbers, oppressors of the people, and various other evil-doers, it was enacted that certain Commissioners in every county should have power to summon before them all persons of quality, and to administer to them an oath for the better keeping of the peace and observing of the King's laws, both as to themselves and their retainers. Notwithstanding the reason assigned for this proceeding, it can scarcely be doubted that its real purpose was the suppression of the movement which had then set in in favour of the Royal House of York. The first of the Commissioners in every county was the Bishop of the diocese. There were generally three others, of whom one was commonly an Earl, or at least a Baron, and the other two the Knights of the shire. The returns exhibit various degrees of completeness; for several counties there are none at all." The Bedfordshire Lists from this and the preceding Roll will be found printed at the end of this Preface.

3. The Register of the Guild or Fraternity of the Holy Trinity in the Church of Luton, a manuscript in the possession of the Marquis of Bute, K.T. It extends from 1475 to 1546. This Register, together with
the Accounts of the Guild from 1526 to 1547, has been printed, under the editorial care of Mr. Henry Gough, and will be published as soon as the Introduction and some supplementary materials are completed. This Register contains the names of some thousands of persons belonging to Bedfordshire, with the dates, approximately, of their admission to the Guild, and sometimes of their death, with other genealogical facts.

4. The Lists of Knights and Gentry of Bedfordshire taken in 1667-8, from the Lansdowne MSS. in the British Museum, which will be found printed in the Appendix.

It will perhaps be within recollection that when this Work was first included in the list of "Proposed Publications," the name of Mr. Henry Gough was appended as the Editor. Owing, however, to pressure of engagements, this gentleman was unable to undertake the work, and I was asked to act as co-editor with him; subsequently Mr. Gough intimated that as he was so fully engaged he could not spare the time, and the task of editing this Work was finally left entirely in my hands. I think it due to Mr. Gough to state this fact, and to express my great regret that I was deprived of his valuable assistance; and at the same time I take this opportunity of expressing my gratitude for the many valuable hints he has given me, and for the loan of some of his MSS.

My thanks are also due to Sir Charles Isham, Bart., and to the Librarians of Queen's College, Oxford, and Caius College, Cambridge, for the courteous manner in which they aided me by giving me ready access to the MSS. in their libraries. Without this assistance I could not have completed my task.

In conclusion, I may add that I have taken every care to guard against error; every pedigree has been carefully collated and re-read several times: nevertheless in works of this kind it can hardly happen otherwise than that some errors may have been overlooked.

(Of these, Sir John Cornwall, K.G. 1410, was created Baron of Fanhope, co. Hereford, 1433, Baron of Milbroke, co. Bedford, 1442, and died next year; and Sir John Wenlok, K.G. 1460, was created Baron Wenlok in 1461, and slain ten years later.) Volume XX.

FOR THE YEAR MDCCC.LXXXV.
The Visitation of the County of Dorset, taken in the year 1623, by Henry St. George, Richmond Herald, and Sampson Lennard, Bluemantle Pursuivant, marshals and deputies to William Camden, Clarenceux King of Arms.

Edited by John Paul Rylands, F.S.A., of the Middle Temple, Barrister-at-Law.

London: 1885.
Preface.

The manuscript from which the present Volume is printed is numbered 1166 in the Harleian Collection in the British Museum. It is, without doubt, the original record of the Visitations of Dorsetshire, made in the year 1623 by Henry St. George, Richmond Herald, and Sampson Lennard, Bluemantle Pursuivant; the pedigrees are in their handwritings, and the heads of most of the families visited have attached their signatures to their respective pedigrees.* These Heralds have also made trickings of the seals of the towns of Poole, Weymouth and Melcombe Regis, Bridport, and Dorchester, as well as of the seals of several private persons. But the trickings of arms, which are for the most part in pencil, are supposed to be the work of Henry Parker, an arms-painter, whose handwriting appears in various places in the manuscript.†

The production of this Volume completes the series of Visitations of the Western Counties made by the same Officers of Arms in the years 1620 to 1623; those of Devon, Cornwall, and Somerset have already appeared in the Publications of the Harleian Society, and the 'Visitation of Wiltshire' was published by Dr. Marshall in 1882.‡

Regarding the editing of the Volume, it may be well to mention that, although the aim of the Editor has been to give, as nearly as

* The signatures are reproduced in Plates IV.—IX., tracings from the originals having been made by permission of E. Maunde Thompson, Esq., of the British Museum, to whom the Editor desires to tender his thanks.
‡ 'The Visitation of Wiltshire, 1623.' Edited by George W. Marshall, LL.D. London George Bell and Sons. 1882. 8vo, pp. 109, and two Plates.
possible, an exact reproduction of the original text, he has thought it would be more convenient to re-arrange the pedigrees in alphabetical order, and to place the notes of the towns and the list of Disclaimers together at the beginning of the book. The trickings of arms have necessarily been rendered in blazon; additions made to the pedigrees, in later handwriting, are printed in italic type; the few notes made by the Editor are separated from the text by brackets; and, to insure accuracy, he has corrected the printed sheets by the original manuscript.

1885.
This Volume contains the pedigrees recorded at the Heralds' Visitation of Gloucestershire in 1623, with Appendices containing Pedigrees from the Visitations of 1569 and 1583, and also sundry Miscellaneous Pedigrees, the date of which the Editors have been unable to identify with certainty. The whole are derived from Harleian MSS. 1041 and 1543.

In the first cited volume, No. 8 is entitled: "Arms & Pedigrees from the Visitation of the Countie of Gloucester, A.D. 1583, by Robert Cooke, Clarenceux, as it seems with many Continuations & Additions by John Saunders & others" (18—75); and No. 10, entitled: "The Visitation of the Countie of Gloucester as taken A.D. 1623, by Henry Chitty, Chester, and John Philpot, Rouge Dragon, for Will. Camden, Clarenx., done by the hand of John Saunders" (77—121).

In Volume 1543, No. 2 is entitled: "The Visitation of the County of Gloster made by Robert Cooke alias Clarenceux King of Arms in anno 1583 ?, continued & enlarged with the Visitation of the same County, made by Henry Chitty, Chester, and John Phillipott, Somerset Heralds; Deputyes to William Camden, Clarenceux, in anno 1623, with many other Descents, transcript. per R. Mundy." No. 3, Mr. Mundy goeth on with the title, thus: "This Booke I lent Mr. Somerset when he went the last Visitation (above mentioned), and many of the Descents weare enlarged by him, as apereth under his owne hand. 4. Here are likewise divers additional Notes & Enlargements by Mr. Mundy, Mr. Latton, Mr. Dale, and others."

As regards the Visitation of 1623, neither of the MSS. is very satisfactory or complete. In Vol. 1041 there are sixty-eight pedigrees that are not in Vol. 1543, and seventy-seven in the latter not in the former,
altogether about 200 distinct genealogies. Of the 1569 Visitation, there are two in Vol. 1041 not in 1543, and one in Vol. 1543 not in 1041. There are only nineteen in all which have been clearly identified as belonging to this Visitation. Of the Visitation of 1582-3, there are only seven pedigrees in all ascertained to belong to the Visitation for this year. Unfortunately there is no official copy of this Visitation in the Heralds' College.

All the pedigrees in 1041 have been collated with those in 1543, and the whole, with the exception of the first few, compared with the official records in the College of Arms, and wherever differences exist, they have been shewn either by being printed in other type or by footnotes. But with respect to the Visitation of 1582-3, of which, as stated above, there is no official copy, the pedigrees have been collated with those in the Vincent Collection in the College of Arms (Vincent MS. 115), which, though not of official authority, are not inferior in respect to accuracy.*

Following the example of the 'Visitation of Cornwall,' printed by this Society in 1874, we have inserted as footnotes, from our respective private collections, extracts from Parish Registers, and from the transcripts from those Registers now remaining in the Bishop's Registry at Gloucester, for the obliging facilities for consulting which we have to return our thanks to the Parochial Clergy, and to Benjamin Bonner, Esq., the Deputy Registrar of the diocese. We have also appended divers other notes of record which will not only authenticate the pedigrees, but will be of great assistance to any who may be desirous of continuing them. Though the greater portion of the extracts referred to were collected by us for other purposes, a great many were made by special searches in connection with this Work, and the time occupied in these searches will, we hope, be accepted by the Society as the cause of the delay in the completion of the Volume.

* Augustine Vincent was appointed Rouge Rose Pursuivant 22 Feb. 1615-16, Rouge Croix 29 May 1621, and Windsor Herald 1 June 1624. He was much esteemed in the College for his great ability and equal industry. He made large collections from the Tower Records and other valuable materials, and died 11th January 1625-6. His worthless son, John Vincent, sold 240 of his father's manuscripts to Ralph Sheldon of Weston, co. Warwick, who bequeathed them to the College.

CREST.—The crest long used by this family having been found in 1797 not to be upon record in the College of Arms, Sir William Berkeley Guise, Bart., obtained from the then Earl Marshal a warrant for the grant and confirmation thereof, with special permission to bear the same issuant from a ducal coronet. This warrant, however, never having been carried into effect, Lieut.-General Sir John Wright Guise, Bart., K.C.B., obtained another warrant, dated 12 June 1843, under which the following crest was granted and confirmed, by patent dated 21 June following, to the said Sir John Wright Guise, Bart., to be borne by him and his descendants, and by the other descendants of his late father, Sir John Guise, Bart., according to the laws of arms for ever, viz.: Out of a ducal coronet or a swan, wings elevated, argent, ducally gorgeted and chained or.

Supporters.—Sir John Wright Guise, having been created a Knight Grand Cross of the Most Honourable Order of the Bath, became entitled to use supporters. These usually are only granted personally; but the Queen, by a special warrant under her sign manual, dated 12 January 1863, made an exception in his case, and
accordingly, under her Majesty's said special warrant, the following supporters were granted, viz.: On the dexter side, a swan proper crucilly gules, plain collared and chained or; and on the sinister side, a bear sable, billetty or, collared and chained as the dexter, to be borne and used for ever hereafter by him the said Sir John Wright Guise, Bart., and the heirs male of his body upon whom the dignity of a Baronet shall descend.

* Will of John Ferrers, Clerk, Rector of Minchinhampton, proved at Gloucester, 10 June 1717, by Martha Ferrers his daughter.

At Ash Church, co. Gloucester, is a monument against the south wall on which are the effigies of an old man, at half-length, habited as a Citizen of London in a livery gown, and holding in his right hand a pair of gloves, and under his left is a human skull, with the following motto surrounding it:

Live well and die never,
Die well and live for ever.

Over the image are the following arms, viz., On a bend cotised three horse-shoes, a crescent for a difference. Crest: An ostrich, in the beak a horse-shoe.

Memoria Sacram.

William Ferrers, Citizen of London, second sonn of Roger Ferrers of Fiddington, Gent., had 3 wives, with whom he lived 50 years most lovingly, and by whom he saw himself a happy father and Grandfather; all his Children died before him. He preferred many of his Brothers, of his Kindred, and of his countrymen, and left behind him several Workes of Piety; as to the Poore of this Place where he was borne £10 per annum. To a Preacher in this Parish, and to the mending of the Highways about Fiddington, To every one £5 yearly for ever. Moreover he gave £30 yearly for ever towards a Free school in Tewksbury, and £2 per annum to the Poore of that place, with several Guiftes to the Poore, and other plus uses in and about

London. Hee likewise gave large Legacies both in Lands and Monies to his 3 Grandchildren, Brothers and Kindred. Hee departed this Life the 26 Day of September 1625, and lies buried in Allhallows Church in Lombard Street, London.

This monument doubtless commemorates William, the second son of Roger Ferrers described as of Corsham in the above pedigree.

In the Herald's Visitation of London, 1634, two pedigrees of Ferrers are recorded. To one of those families the same arms as on the monument are allowed, differenced with a martlet. The pedigree commences with Roger Ferrers of Hidington, co. Glouc. (doubtless Fiddington, the error arising from a mis-reading of the double "f"). This Roger was probably the same as Roger described as third son of Roger said in this pedigree to be of Corsham, and brother of William. 1 Cott. MSS., Claudius C. 111.

The above are extracts of the only entries in which the name of Hungerford, gen., occurs in the Parish Registers of Windrush, Gloucestershire, from A.D. 1586 to 1800, examined by me this day, May 18th, 1883. W. Wiggis, Rector of Hampnett.

Cowley.

1707. Henry Brett, Esq., Lord of the Manor of Cowley, and Mary Morgan, wid., eldest d. of Edward Hungerford, Esq., of Windrush, were married the 1st day of Jan.

B.T.

Will of Mary Dunch, widow, dated 22 Oct. 1677, “old and infirm.” She gives legacies to my niece Mary Hungerford, wife of my nephew Edward Hungerford, Edward their eldest son, Mary their eldest daughter, Ann Joyce and Jane their daughters; Mary Hungerford, wife of my nephew Thomas Hungerford, Walter Hungerford their son, Mary Hungerford their daughter; Elizabeth Webb; sister Mary Webb, wife of Thomas Hungerford; to the poor of Windrush; my nephew Diswell Hungerford; my brother Humphrey Taylor; my cousins Anne Sharpe, Mary Dalton, Richard Webb; my nephew Edward Hungerford, Esq. Proved by him 16 March 1679-80. Her husband, Walter Dunch, was of Newington, co. Oxon. He leaves all his lands, goods, etc., to his wife, Mary Dunch. No children. Proved 16 June 1646.

This lady gave to the Church of Windrush the chalice which is now in use. It bears the following inscription: “Ex dono Marie Vxorisi Gualt Dunch de Newington Agro Oxonii Aet Ecclesiae Windrigense [Fillea Edw Hungerford De Wind’ p’ed’ Ar.] in Com. Gloc. ad usum Sacrament. Anno Do. 1678.” The first part of the inscription runs all round the brim, the portion included with brackets within an oval on the side, and the latter part on a line before the first line.

Edward Hungerford, who died in 1530, in his will desires my body to be buried in the Chapel of Our Lady in the parish church of Windrickers, and George his son desired to be buried “in the chappel in the parish church of Windericks whereas (sic) my father, my wife, and others my friends ware buried. I give towards the finishing of the chappel where my body shall be sepulchred and buried tenn shillings.” He also twice distinctly names his daughter Martha, which the inscription as printed calls Maria. She was the relict of William Bassett, and married Mr. Twysell, the curate of the parish.

The name of Bassett does not again occur in the Registers.

Margaret, daughter of this Lord Thomas (Thomas L., Lord Berkeley), was in her father’s lifetime married to Sir Ancelme Bassett, Knight, to whom and the heirs of her body her father had formerly given (whilest she was sole) the mortie of the manor of Ewley in the hundred of Berkeley, to hold of him by the service of the fourth part of a knight’s fee, and by two suits to his hundred of Berkeley yearly, which Ancelme and Margaret have issue John and Edmond, both Knights. John dyed without issue; and the said Edmond by Isabell his wife, daughter and coheire of another Bassett, had issue Sir Symon Bassett, Knight, a gentleman as remarkeable in his tyme as any that then lived in his county, as more than forty records doe witnesse; who by Mawd, daughter and coheire of John de Bitton, had issue Sir John and Maurice. Sir John dyed without issue; and Maurice had issue John Bassett, father of Robert, father of William, father of Edward, who by Isabell his wife, daughter of Henry Ligon, Esq. (of much esteeme with Henry, Lord Berkeley), had issue William Bassett, father of William, still owner of the said mortie of the manor of Ewley aforesayd, ward to the King’s Maiestie that now is for his lands in the county of Somerset, holden in capite 1618. Of the younger branches, of which Edward and Isabell Ligon his wife, read after in the life of Maurice, Lord Berkeley, the fifth of that name. (Berkeley MSS., Lives of the Berkelys, fo. 144. Smyth cites two charters in Berkeley Castle, and divers charters with William Bassett, Esq., and William Gibbs of Nibley.) It will be observed that the descents as here given by Smyth differ considerably from those in the pedigree.

Smyth further says: And the said Elizabeth, the other sister of Sir Arnold (Ligon, father of Henry Ligon above mentioned), was married to Edward Bassett of Ewley, Esq., of whom read before in the life of Thomas the first, who had issue, William Bassett, Barnaby, Edward, Giles, Elizabeth, Margery, Susan, and Jane.

MONUMENTS.
St. Briavels Church.

In the chancel was a large mural monument, semi-canopied, in which were the effigies, in freestone, painted of a man and a woman in a reclining posture. In a compartment underneath were the figures, in relief, of three of their children kneeling, and an infant lying on a cushion. Upon a pediment, supported by two Corinthian pillars, were the figures of Faith, Hope, and Charity, between which was a shield bearing the arms of Warren: Chequy or and azure. There was no inscription on the monument, but it was erected to the memory of William Warren and Mariana Catchmay his wife, who died in the reign of Queen Elizabeth. The monument has now been taken down.
